Dear Delegates,

We hope this message finds you well.

Please find below some important news related to EU supported R&I projects and initiatives to tackle the spread of coronavirus and preparedness for other outbreaks.

European support for innovative SMEs against COVID-19

In 2019 the European Commission launched an innovative, pan-European concept to boost innovation in strategic sectors - including Medical Technologies - under the umbrella of the Open Innovation Test Beds (OITBs). In the context of the Covid-19 pandemic, the OITB projects MDOT, TBMED and SAFE-N-MEDTECH are opening their services at no cost to the best technology developers in the field, giving them support to boost and accelerate their developments.
